Please list any significant milestones and success stories that the SAC would like to highlight.

The SAC has played an integral role in planning for the opening of the Modular Campus and the introduction for grade 6 class for 2023-24. The first three years of having grade 6 students in our school have gone smoothly and the SAC provided impactful input throughout the entire process.

Our SAC played a significant role in the implementation of the SAC Innovation Grant. With the input of the committee, we were able to spend the awarded \$10,000 to help purchase equipment to develop a top-notch production team made up of students.

The SAC was also able to amend our SAC by-laws to expand our parent numbers from 3 to 4. We felt this was needed given the growth in our population.

Please describe any related sub-committee work undertaken by SAC members (e.g., School Options Committee).
